Professional Experience

Jedha | Data Analyst Fullstack
Sept. 2025 – Dec. 2025

Mastered and led the entire data stack based on a completed range of expertise.
- AI TAKES MY PICTURE Project : **extraction via API & Dataiku machine learning** (Connexion with PostgreSQL using reverse Proxy, Dataset ingestion, feature engineering, AutoML features, model deployment & feature prediction)
- **Netflix Audit:** ingestion, **Power Query** transformation, and **PowerBI dataviz**

Saint Gobain Distribution Bâtiment France | Software Lead Engineer
Dec. 2021 - May 2025

Internally managed a team, led software cloud migration, created rationalization procedures, and supported the business through training and demonstrations.
- **Reorganization of Support team** & **Jira ticketing** : reduced the backlog by 50%.
- **Management** of **MicroStrategy data semantic layer** : accelerated delivery times.
- **Incident management**, ITIL, data flows : secured production environments
- Management of **technical procedures and automation:** improved execution of routines.
- Managed **"Move to Cloud" Strategy migration on Azure**: project costing and planning
- **Capacity planning & On-Premise maintenance**: decreased performance incidents.
- **Training and business support**: achieved better tool adoption by users.

Autodistribution | Strategy Developer
July 2021 – Nov. 2021

As an external consultant, designed decision-making dashboards, from the semantic layer to KPIs.
- **Requirements gathering and business needs analysis**: improved overall understanding.
- **Development of KPIs & dashboards** in an Agile context: provided high decision-making value.

Strategy (*Michelin, Société Générale, Editis, Fnac*) | Support Lead Engineer
Mar. 2017- Jun. 2021

Internally certified in the Strategy dataviz tool (Architect), provided technical solutions, tracked KPIs, trained and mentored newcomers, and led sensitive case review sessions.
- Prioritization of **sensitive cases**: reduced customer escalations.
- **Technical solution delivery:** improved the change backlog.
- **Salesforce KPI tracking** and **business incident resolution**: improved TTR.
- **Training and mentoring of newcomers:** capitalized on the knowledge base.

Cabestan (*Kiabi, France Telecom, Blablacar)* | Quality Manager & Trainer
Mar. 2010 – Jul. 2014

Internally created acceptance testing logs, developed training plans, and conducted on-site training.
- **Functional testing and validation** of evolutions: functionally validated production releases.
- **Conducted on-site training**: increased end-user autonomy.

Cabestan (*Yves Rocher, Ventes Privées)* | Support Officer
Sept 2007 - Mars 2010

Learned the Cabestan e-marketing tool and managed support requests.
- **Management of email and SMS newsletters**: worked closely with business-specific issues.
- **Technical support management**: improved customer satisfaction.

Compétences techniques & outils
